Statement of Purpose

In 1979, the Hawaiian Canoe Racing Association (HCRA) reorganized its members into geographical areas. The O`ahu Hawaiian Canoe Racing Association (OHCRA) was one of these newly formed members. The others included Kaua`i, Maui, Moloka`i and Hawai`i. A second O`ahu association – Nā `Ohana O Nā Hui Wa`a – is also a member of HCRA.

As set forth in the OHCRA By-Laws the purposes of OHCRA are:

- To maintain and perpetuate Hawaiian culture through the promotion of Hawaiian water sports;
- To teach, train, instruct and expose children, men and women in the ancient art, craft and history of Hawaiian canoeing;
- To provide means and facilities for activities tending to foster the development and maintenance of strong and healthy minds, bodies and spirits among all people;
- To provide opportunities for the interaction and communion of people in the interest of mental and social well-being;
- To promote international canoe racing competition.

In the pursuit of these purposes, OHCRA is organized to promote competitive inter-club, inter-island, and international Hawaiian canoe racing, and in so doing to teach, educate and preserve the art and culture of Hawaiian canoeing.

Statement of Rules

These racing rules are an accumulation of rules which had their beginnings in 1950 when HCRA was first formed. These rules are in furtherance of the purposes of OHCRA and are changed or modified annually as needed. OHCRA race rules may be changed or modified only at the annual OHCRA meeting prior to the coming racing season. The Moloka'i Hoe race rules can be amended prior to the 1st regular season regatta.

These rules govern the procedures and practices of OHCRA clubs during regattas and sanctioned long-distance races. They are intended to promote good sportsmanship and set the standards for competitive canoe racing. These OHCRA Race Rules can be accessed "online" in a secured format.

Rules cannot cover every situation. These rules cover the majority areas where problems have arisen in the past. Whenever situations come up that are not covered, in the course of deliberating new rules or modifications to the old, consideration must be given to the following:

- What are we trying to avoid or promote?
- Would most people agree the rule is fair?
- Does the rule apply equally to large and small clubs?
- Is the rule clear and easily understood?
- Does the rule generally help or hinder our purpose of canoe racing?
- Does any proposed penalty match the seriousness of the violation?

Code of Ethics

We are all responsible to promote good sportsmanship and fair play in the activities in which we engage. This means observance of these race rules as well as generally accepted rules of behavior and all governmental laws.

Paddlers are required to avoid situations where a canoe is deliberately rammed, where there is deliberate interference with another crew, and situations where assaults and abusive language are used.

Coaches are required to support and help enforce these race rules and to avoid any circumvention of these rules.

Officials and officers are required to do their best to be fair and not biased in their decisions and in carrying out their duties.

Any club members that are found drinking at our events will result in the entire club being asked to leave the event and will no longer be eligible to compete for that day's events. This includes all paddlers, friends and family.

ARTICLE I: Types of Races

OHCRA distinguishes between races conducted by OHCRA and its member clubs (regattas, distance races or special event races), and races conducted by other organizations.

A. Sanctioned Races

1. A sanctioned race is one that has been approved by the Board of Directors of OHCRA, is on the approved schedule of the Preseason, Regatta Season, Distance Season, Post Season schedules and follows the race rules contained herein.
2. Sanctioned races are governed by the OHCRA Race Director.
3. The sponsor of sanctioned races may invite guest competitors to participate in OHCRA-sanctioned long distance and special event races only, provided that OHCRA has approved such invitations. OHCRA-approved guest competitors are not subject to OHCRA paddler registration fees.
4. A non-OHCRA member may request to sponsor a sanctioned race with the approval of the OHCRA Board of Directors. Such a non-OHCRA member should understand that if OHCRA approves and sanctions the race, it will be conducted and governed by OHCRA officials and under OHCRA rules.

B. Other Long Distance or Special Event Races

OHCRA member clubs may participate in long distance or special event races other than OHCRA-sanctioned races described above provided that:

1. Such races are open invitation to all OHCRA member clubs.
2. The long distance or special event race that the OHCRA member club desires to enter does not detract from an OHCRA-sanctioned race. By this is meant that by an OHCRA member club's participation in a non-OHCRA race (and therefore not in an OHCRA-sanctioned race) there would be a significant lessening of the quality of the OHCRA sanctioned race competition.
3. If, in the opinion of the OHCRA Race Director or the sponsor of the affected OHCRA-sanctioned race there would be a significant lessening of the quality of the competition, then either the OHCRA Race Director or the OHCRA race sponsor may petition the OHCRA Board of Directors for a hearing and a decision on whether or not OHCRA member clubs may participate in this other race.

C. Racing Seasons

The calendar year is divided into 4 racing seasons. Preseason, Regatta Season, Distance Season, and Post Season.

1. The preseason is defined as races commencing on and from the first day of the calendar year and runs up to the first race of the regatta season of the same calendar year.
2. The regatta season is defined as starting with the first scheduled regatta of each calendar year and runs through the HCRA State Championship on the first Saturday in August of the same calendar year.

3. The distance season is defined as starting with the first race after the HCRA State Championship and runs through the Moloka'i Hoe race in October of the same calendar year.
4. The post season is defined as races commencing after the Moloka'i Hoe through the final day of the same calendar year.

Third	4
Fourth	3
Fifth	2
Sixth	1

For Keiki Open scoring method explanation see ADDENDUM C: Keiki Open Scoring.

D. Method to qualify for lanes at the MacFarlane Regatta, OHCRA Championship and the State Championship.

1. Points are scored inversely to the number of crews racing in an event. Any crew disqualified or not finishing will receive one (1) point, except for a crew with illegal or ineligible paddlers who will receive (0) points. A crew will be scored on all of their qualifying races that they participated in only during the current regatta season. Participation is to include a race that there was a disqualification but not a "non-entrant", a "no show" or a "scratch".
2. The crew with the greater amount of points shall qualify for lane drawing.
3. In case of a tie in any particular event, the tie will be broken before the lanes are drawn for that event. The crew who finished ahead at the previous flat-water regatta during the current regatta season will be the one who breaks the tie and will be eligible for lane drawing.

E. Awards

1. Team trophies must be given to clubs at each regatta:
 - a. “AAA” Division, for teams placing First, Second and Third
 - b. “AA” Division, for teams placing First, Second and Third.
 - c. “A” Division, for teams placing First, Second and Third.

2. Individual awards will be given to crews placing First, Second, and Third in each race. The award shall have the year date and the event applied or engraved in an appropriate area of the award.
3. The character and type of awards will be established by the Board of Directors.
4. For awards other than regattas, refer to Section E of ARTICLE XVI: Preseason, Distance Season, Post Season Race Rules.

A youth-aged paddler may race in two (2) classified youth-aged events in the same regatta and still retain their lowest age classification for the following regatta in the same calendar year. 16 and 18 classified paddlers who participate in the Freshmen, Sophomore or Junior events are excluded.

- b. On race day, providing all conditions are specified in registration procedures have been met, a paddler may move up in classification. The paddler’s name must be submitted on entry OHCRA Form 400 with the paddler’s previous classification and noted as “step-up”.

A paddler classified as a 16 Years & Under or 18 Years & Under may participate in either a 16's or 18's and either a Freshman, Sophomore, or Junior race from regatta to regatta. But if a paddler classified as a 16's or 18's “steps-up” to a higher classification for their 2nd race of the regatta, the paddler will remain at the higher classification for the remainder of the OHCRA regatta season. The paddler may return to their lowest classification the following season.
- b. A paddler classified in a youth age classification can race once in his or her classification or higher youth age classification (excludes the Novice A classification) from regatta to regatta. At the State Championship, an age group paddler who was classified or “stepped-up” to an older youth age group during the OHCRA season may be reclassified to his / her lowest classification.
- c. A youth aged qualifying paddler 12's – 18's, transferring from another association who has participated in a Freshmen, Sophomore, or Junior race at their original association or at the State Championship may reclassify to the lowest youth age classification the paddler’s age will allow at OHCRA.

- a. A paddler may be classified as a Novice for a maximum of three (3) years. This may be one (1) year as a Novice B and two (2) years as a Novice A, or three (3) years as a Novice A. A Novice B paddler that “steps-up” to Novice A during their Novice B season is considered to be a 1st year Novice with (2) Novice A seasons remaining. If a Novice A paddler moves to a higher classification, he / she will not be able to return to Novice A for any subsequent regatta.

- b. The Board of Directors may waive the three (3) year novice eligibility rule upon petition to permit physically fit, challenged paddlers the opportunity to continue to participate at the novice level. 2. A paddler, already a member of a club, who seeks membership in another club and in so doing files an application for membership, transfer or any other form of intent before participation in a sanctioned regatta in that season, will be deemed a member of the club of intent upon the securing of his or her release from the parent club.
3. Before filing a form of intent to transfer to a different club, note that no paddler will be eligible for transfer and release if he or she is in debt financially to and/or withholding property of a member club, in which case the parent club must be able to submit convincing evidence thereof to the Race Director. The club of intent may accept the paddler's financial responsibility and therefore secure his or her transfer.
4. The club of intent will be responsible for citing any and all infractions and will call said infractions to the attention of the Race Director at the race site through regular protest procedures.

B. Transfers

Refer to Article XVI.A: - Preseason, Distance Season, Post Season Race Rules.

ARTICLE VI: Receipt of Entries and Drawing of Lanes

A. Time and Place

1. The Race Director will designate the place, time and date for the receipt of entries and drawing of lanes. The Race Director may make a change if proper notice is given to all concerned or may assign someone else to conduct the lane drawing in his or her place.
2. The lane drawing schedule will be submitted to the Board of Directors no later than the regular meeting just prior to the first lane drawing. (The May OHCRA Board Meeting)
3. A club which is unable to attend the drawing of lanes at the time and date set may submit its entries together with the required fee to the Race Director at an earlier date.

B. Lane Drawing

1. The drawing of lanes will take place after the receipt of entries for all events.
2. Only clubs who have made proper entry and paid the entry fees will be permitted to draw lanes for any particular race. The Race Director will appoint a person to draw lanes for any club properly entered but unable to be represented at the drawing.
3. The lanes to be used will be consecutive and commence with Lane 1. The total number of lanes drawn will equal the number of entries. Lane 1 will be shoreward for courses parallel to the shore, and the left-hand lane looking seaward for courses running generally perpendicular to the shore. For $\frac{1}{4}$ mile races, if there is one more entry than the available lanes can accommodate, there can be an addition of a Lane "0" on the inside of the course for parallel courses or an addition of a lane on the right side of the course for "in and out" courses.
4. Club representatives will be seated in alphabetical order of clubs. Only one club representative will be allowed to draw lanes.
5. A container with numbered pills corresponding to the number of entries in each event will be passed around to all the clubs entered in that event. The Race Director or designated representative will be responsible for having the correct number of pills in the container for each event to be drawn.
6. The opportunity to draw first for each event will rotate alphabetically among the participating clubs until all events have been drawn.
7. In case of an error in drawing for any one particular event, everyone will return their pills and the draw for the event in error will be repeated, beginning with the same club that started the drawing for that event. The only exception will be when clubs that have not drawn a lane will not be affected by the error.
8. Pills that are pulled will be numbered one (1) through whatever number of entries there are for each event. The club that has the number one (1) pill will be able to select whichever open lane it desires. The number two (2) pill may select whichever open lane it desires, and so on until the last pill is drawn for that event.

9. Clubs whose lanes are selected by an appointee of the Race Director will abide by the lane selection made by the appointee.
10. Any club or clubs not represented for any reason at any one lane drawing will have until midnight after lane drawing has been completed to contact the Race Director or designated representative conducting the lane drawing. Those clubs will be able to select any open lanes left in an event that they wish to participate in. This rule applies only where the notification rules have been followed.
11. All lanes drawn by clubs will be final and no changes will be made.
12. During the period between the drawing of lanes and commencement of the regatta, if the actual site of the regatta is changed or the position of the course is shifted or altered from the respective locations understood at the time of the drawing of lanes, the Race Director will not permit the regatta to go on unless and until a new drawing of lanes has been conducted.
13. An event where the number of entrants outnumber the lanes available, the drawing of lanes shall take place on the day of the regatta and not later than 3 events prior to the event being drawn.

C. Entries at Drawing of Lanes

1. Each club will be limited to one (1) entry per event.
2. There will be no unofficial entries allowed.
3. Each entry must be accompanied by the prescribed entry fee unless pre-payment has been made with the Race Director or the Treasurer. If a club has a credit balance with the Treasurer to cover the entry fee for any race, the Race Director will be so notified by the Treasurer prior to lane drawing.
4. Paddlers eligible to paddle the race will be those properly registered by submitting OHCRA Form 100 and OHCRA Form 200 at the drawing of lanes.

D. Entries Outnumbering Lanes

1. When entries outnumber lanes, there will be two heats of approximately equal number clubs.
2. In events having an unequal number of entries, the first heat will have the larger number of entries.
3. Clubs will be divided between heats by draw.
4. After the first regatta of the season, clubs will be seeded into heats based on their times in the previous flat-water regatta. Clubs not participating in the previous regatta will be seeded after participating clubs, and in order of random draw should more than one club be involved.
5. The best times of both races will determine the order of finish.

E. Exhibition Races

1. The sponsor of any regatta may hold an exhibition event 1/4-mile long, with a minimum of two (2) entries.
2. Any additional event, or distance longer than 1/4-mile must have approval of the OHCRA Board of Directors.

F. Entries on Race Day

1. For identification purposes, the final entry list will be known as OHCRA Form 400.
2. The final entry list (OHCRA Form 400) for each race, commencing with Events 1 through 5 shall be submitted by the end of the coaches meeting and then commencing with Event 6, Girls 14 and under, the final entry list must be submitted to the race officials no later than two (2) races prior to the start of the applicable race. Any changes to a crew previously submitted must be accomplished no later than two (2) races prior to the start of the applicable race.
3. This entry list will contain only six (6) names and these names must appear on OHCRA Form 100, and OHCRA Form 200.
4. A paddler so listed may be eligible to paddle in a higher classification providing all the specifications of eligibility as set forth in these rules have been met. Once a paddler has stepped-up to a higher classification for their 2nd race of the regatta, this will become his or her classification for the remainder of the regatta season. Exception is youth aged paddlers participating in youth races only. Article III.B.3.a.
 - a. When the entry list is submitted, step-ups should be indicated with a note in parentheses (STEP-UP).
 - b. A club failing to indicate a step-up on OHCRA Form 400 may be liable for a \$1.00 fine for each name not so identified.
5. The persons who actually paddle the race must be those whose names appear on the entry list.
6. Failure to follow the procedures as outlined will result in disqualification of the crew.

G. Late Entries

1. To allow clubs more flexibility, acceptance of a late entry (after lane drawing) may be permitted for lanes. A late fee will be assessed.
2. A late entry fee for open or scratched lanes will be \$12.00 per lane in addition to the regular fee assessed at lane drawing.
3. There will be no late entry that would require an existing 1 heat race to expand to a 2-heat race. If the race presently is 2 heats, then the club may take an available lane in the slower heat.

H. Scratches

1. A scratch is a withdrawal from a race that a lane had been drawn for whether or not the crew list has been submitted.
2. If a crew will not be showing up to the starting line, the club must notify the race committee that they intend to scratch. A club can scratch a crew up to two (2) races prior to that event. The start of the race is the (green flag) of two races prior.
3. If a crew with submitted crew names did not participate in their event and did not scratch, their names will be in the HCRAPaddler database or successor database and will be as if the paddlers had raced.

ARTICLE VII: Fees

A. Entrance Fees

1. Each club participating in an OHCRA-sanctioned event will be subject to an entrance fee for each paddler entered, which the Board of Directors may establish at the annual meeting each year. The club sponsoring the event will pay half the entrance fee.
2. This fee will be payable at the drawing of lanes as stipulated in the provisions of Article VI of these race rules. Once accepted, this fee will not be refunded.

The person performing the inspection shall mark

or ID the ama so that it is distinguishable from an uninspected ama. Violation of this section by a club can result, at the discretion of the Race Rules Committee, in a penalty such as disqualification of the canoe.

11. At the discretion of the Race Director, any painted or colored ama attached to a koa canoe during a sanctioned race or regatta may be subjected to a test to determine the nature of the wood or interior. This “proof check” will be made at OHCRA’s expense.

3. The distance between the starting line and the finish line will be established by actual measurement of both Lane 1 and the last parallel lane. All flags on each line will be, as nearly as practicable, in a straight line.
4. In order for record times to have meaning, the distance between lines will not be allowed to vary from 1/4-mile by more than five (5) yards.
5. At least one hour before the first race of a regatta, the Race Director or person directed by the Race Director, in company with one representative from three (3) different clubs each week will inspect and, if requested, re-measure and reset the course to ensure that all lanes between any two lines are of equal length. A club representative may request any other adjustments to the course such as flag color coordination.

E. Stalling

The Starter will not hold up the start for a canoe deliberately lagging behind the Starter's command to get on the starting line. A lagging canoe will have no right of protest on the grounds of an unfair start in the event the race is started.

F. Recall

1. A recall of a start must be instigated by the Starter him/herself and not by a canoe crew.
2. A start will be recalled in the following manner:

4. A disqualified canoe may continue to race unless for some specific reason the race officials decide otherwise.
5. The coach or representative of the canoe club which has been disqualified will be notified by a race official before public announcement.

I. Turns

1. All turns will be left turns around assigned lane flags only.

4. The penalty for not turning on the correct flag will be disqualification.
5. A “cross-over” is allowed while executing a turn provided the canoe executed the cross-over does not interfere with another canoe. A cross-over is defined as a canoe crossing the path of another canoe in the adjacent lane whether entering or exiting the turn.

J. Swamping

A canoe that swamps during a race may be bailed out by its crew and proceed in the race. Outside assistance will disqualify the crew.

K. Outside Assistance

Any crew receiving outside assistance of any sort during the course of a race will be disqualified except a crew with a physically challenged paddler. The crew with a physically challenged paddler(s) may continue the event without being disqualified provided the outside assistance did not cause forward motion of the canoe. The crew who finished ahead at the OHCRA Championship Race will be the one who breaks the tie. In case the points are still tied, the clubs that are tied will draw numbers to break the tie. The lowest number will be declared the winner and be awarded the right to draw a lane. The tie-breaking will be conducted by the Race Director or whoever is appointed by him / her to conduct lane drawing, and this will be final and official.

- E. After the hearing is complete, the Race Committee will immediately exclude all persons, deliberate on the testimony and evidence, and render a decision.

ADDENDUM C: Keiki Open Scoring

<u>Same day events prior to Keiki open</u>	<u>1st place time of the event</u>	<u>Diff in sec. per crew based from 14 Boys</u>	<u>Diff in sec. per paddler based on age & gender</u>
12G	2:17.63	:-18.19	:-03.03
12B	2:11.14	:-11.70	:-01.95
13G	2:13.38	:-13.94	:-02.32
13B	1:59.74	:-00.30	:-00.05
14G	2:07.58	:-08.14	:-01.36
14B	1:59.44	:-00.00	:-00.00

<u>Club ID</u>	<u>Club Name</u>	<u>Raw Time</u>	<u>Adjusted Time</u>	<u>12G</u>	<u>12B</u>	<u>13G</u>	<u>13B</u>	<u>14G</u>	<u>14B</u>
00	Club A	2:05.15	1:56.44	1	1	1	1	1	1

Scoring of the Keiki Open event uses the previous gender and age events of the same regatta in the calculations. See columns 1 and 2 top. The 14B will be considered the standard time regardless whether it is the fastest of the day. Every other time will be compared to the 14B.

The 3rd column top shows that the 12G were 18.19 seconds slower than the 14B and the 12B were 11.70 seconds slower than the 14B and so on down the list. If the 12B time was faster than the 14B the 12B difference would be positive rather than negative.

The 4th column top shows the difference per paddler which takes the 3rd column's time and divides by 6. The example above shows -18.19 divided by 6 equals -3.03 seconds per each 12 girls in the crew, -11.70 divided by 6 equals -1.95 seconds per each 12 boy in the crew.

The bottom section in the example shows Club A entered the Keiki Open with one of every age and gender of the previous races. They had a 1/4-mile water real time of 2:05.15 (raw time). To get to the adjusted time each of the times in the 4th column will be subtracted from the raw time. 2:05.15 subtract 3.03, 1.95, 2.32, 0.05, 1.36, 0.00 and the result will be the adjusted time of 1:56.44.

The time of 1:56.44 will be compared to all other crews on the water calculated using the same method to determine the winner. This method takes into consideration that the crews on the water do not need to consist of the same age or gender paddlers as long as they are all qualified to be in any of the 6 previous events.

The next regatta will use a new set of numbers based on that day's regatta events.
